 Readers

This classic Berenstain
 Bears story is a perfect
 way to teach children
 about money and
 responsibility! Come for a
 visit in Bear Country with
 this classic First Time
 Book® from Stan and Jan
 Berenstain. Papa thinks
 it's time to teach Brother
 and Sister how to budget
 their money, but will the
 cubs come to understand
 the value of a dollar, or
 will their pockets continue
 to be empty? Includes
 over 50 bonus stickers!

 Every California
 schoolchild's first
 interaction with history
 begins with the missions
 and Indians. It is the
 pastoralist image, of
 course, and it is a lasting
 one. Children in
 elementary school hear
 how Father Serra and the
 priests brought civilization
 to the groveling, lizard-
 and acorn-eating Indians
 of such communities as
 Yang-na, now Los
 Angeles. So edified by
 history, many of those
 children drag their
 parents to as many
 missions as they can.
 Then there is the other
 side of the missions, one

that a mural decorating a savings and loan office in the San Fernando Valley first showed to me as a child. On it a kindly priest holds a large cross over a kneeling Indian. For some reason, though, the padre apparently aims not to bless the Indian but rather to bludgeon him with the emblem of Christianity. This portrait, too, clings to the memory, capturing the critical view of the missionization of California's indigenous inhabitants. I carried the two childhood images with me both when I went to libraries as I researched the missions and when I revisited several missions thirty years after those family trips. In this work I proceed neither to dubunk nor to reconcile these contrary notions of the missions and Indians but to present a new and, I hope, deeper understanding of the complex interaction of the two antithetical cultures.

Theatre *Thrown Among Strangers*The Making of Mexican Culture in Frontier California
This interactive book introduces young children to the world of the farm. Vibrantly illustrated background, stickers, and punch-outs come together to provide hours of imaginative fun. The

background scene, a stand-up panorama of the farmyard and stable, is perfect for sticking as the child envisions his very own farm, and then serves as the backdrop to punch-out playtime. The sturdy punch-outs are perfectly sized for little hands, and include boy and girl farmers, animals, and machinery. Use stickers to keep chickens in their coop, horses grazing near the stable, or lead the cows to pasture. All together, *Sticker, Punch-out, & Play!*: On the Farm makes for interactive play and limitless fun.

Nudge Nudge, Think Think! BenBella Books
When the residents of Walden, Virginia, wake up to find that the rest of the world is gone and they are unable to leave their town, which is now surrounded by a mysterious barrier, some are willing to risk death to escape the situation.

Darkness on the Edge of Town
Welcome to Pava, a city where miniaturized show-

dragons are pitted against each other in secret, forbidden tournaments, and magic has been outlawed by a cruel child dictator. Here lives Petra K, the daughter of a shut-in mother, who becomes the master of a dragonka everyone wants to get their hands on. In a complicated world of sorceresses, gypsies, child gangs, and secret police, Petra K needs to decide whom to trust, and whom to betray in order to keep herself and her pet safe. But revolution is in the air, and she too is caught up in its pull. Only the Blackhearts, a gang of orphan children, dare to defy the new dictator's rule, selling potions to survive. Along with the Blackhearts, Petra K faces a murderous pack of mechanical dragonka, a phantom secret agent—and, most harrowing, her own weaknesses. Will the Blackhearts' adventures and courage inspire the terrified population to rise up again, and return Pava to a place of prosperity, where dragonka run free? Petra K and the Blackhearts is the first thrilling book of a trilogy by M. Henderson Ellis, whose previous novel *Booklist* called "a wild, manic ride . . . thoroughly

enjoyable." From the Trade Paperback edition. *Monty Python and Philosophy*
Peek inside the mind of Dexter Morgan—police forensic analyst, family man, serial killer, and the star of Showtime's most-watched series—with essays from seventeen psychologists and avid fans. Aimed at Dexter devotees and armchair psychologists, *The Psychology of Dexter* takes on the psychological complexities of the popular series with an eye towards insight and

accessibility. It analyzes not just the title character, but his family, coworkers, and even his viewers. What makes Dexter tick? What makes a show about a serial killer so appealing to those of us at home. And do we need to be worried about our own Dark Passengers? From the implications of faking normalcy (could it be behind Dexter's still-in-progress emotional growth?) to where the show weighs in on the psychological debate

between nature and nurture, this book gives fans a peek inside Dexter's psyche. Think you know Dexter? *The Psychology of Dexter* will make you think again.
