 Single best answer type multiple choice questions have been introduced into anaesthetic postgraduate examinations as a way of assessing the trainee's ability to apply knowledge to clinical practice. Although this is more relevant for topics in clinical anesthesia, recently this method of assessment has been extended to topics in basic sciences.
 Single Best Answer MCQs in ANAESTHESIA
 Despite the title, there are actually 1002 multiple-choice questions, requiring the reader to select the only correct answer from four possible options. Similar to the recent 'single best answer' format introduced to UK exams, it requires elimination of incorrect answers to reach the correct conclusion.
