Wallflower Press  
The Big Book of Farm  
Tractors is the first large-  
format volume to  
chronicle the entire  
timeline of American farm  
tractors, from the steam  
power of the 1850s to the  
current offerings from  
New Holland, AGCO, John  
Deere, Caterpillar, and  
more. Detailed  
descriptions of tractors  
especially significant to  
the period, short essays  
on events defining the  
times, personal vignettes,  
collectibles, sales  
memorabilia, ads from old  
farm magazines, and old  
black & white photos of  
farm scenes make this a  
complete look at one of  
America's greatest  
innovations. Whether  
you're someone who has

farmed, or someone  
simply with a love of the  
land, this book will give  
you a new perspective on  
the enormous influence of  
the tractor upon the  
American farm and  
culture.
