The 180 Days of Problem
Solving for Grade 6 offers
daily problem-solving
practice geared towards
developing the critical
thinking skills needed to
approach complex
problems. This teacher-

friendly resource provides
thematic units that
connect to a standards-
based skill that sixth
grade students are
expected to know to
advance to the next level.
Lesson plans offer
guidance and support for
every day of the week,
outlining strategies and
activities that dig deeper
than routine word
problems. Each week
students will use visual

representations and
analyze different types of
word problems (including
non-routine, multi-step,
higher thinking problems).
This comprehensive
resource builds critical
thinking skills and
connects to national and
state standards.
