The Vertical Diet Rodale Books
The International Bestselling Fitness Book
for Women Is this a workout book that can

give you a lean and toned “Hollywood babe body” in 30 days flat? No. Is it a bodybuilding book full of dubious diet and exercise “hacks” and “shortcuts” for gaining lean muscle and melting belly fat faster than a sneeze in a cyclone? Absolutely not. But is it an exercise book (and nutrition book) that’ll show you exactly how to eat and exercise to lose up to 35 pounds of fat (or more) and gain

eye-catching amounts of muscle definition and strength? Yes. And faster than you probably think possible, or your money back. Because here’s the deal: Muscle building and fat loss aren’t nearly as complicated as you’ve been led to believe. You don't need to: Obsess over "clean eating" and avoiding "bad" or “unhealthy” foods like sugar, meat, and bread. Some foods are just more nutritious than and

should be eaten more frequently than others. That's it. You don't need to: Constantly change up your fitness routine. A little of the right variability in your exercise is productive, but more than that is obstructive. You don't need to: Spend a couple of hours in the gym every day grinding through punishing strength training workouts. Sweating buckets, getting really sore, training until bone-tired . . . all wholly overrated for gaining lean muscle and strength. You don't need to: Slog away on the treadmill. In fact, you don't need to do any cardio exercise at all to shed ugly belly, hip, and thigh fat and even build your best body ever. You don't need to: Waste coin on sketchy fitness supplements like fat burners, amino acids, and greens powders. Most of these products either haven't been scientifically proven to do what you're paying for or have been proven outright ineffective. Those are just a few of the harmful lies and myths that keep gals from ever achieving the lean, toned, and strong body they truly desire. And Thinner Leaner Stronger will teach you something that most women will never know: How to transform your body while eating all of the

foods you like and doing just a few challenging (but not grueling) resistance training workouts per week. Oh and cardio? Completely optional. Here are just a few of the things you'll discover inside this fitness book for women: The 10 biggest fitness myths and mistakes that keep women weak, overweight, and confused. For example, "calories are all that matters," "carbs and sugars make you fat and unhealthy," and "strength training makes women bulky." The primary driver of muscle growth that literally forces your muscles to get fitter and stronger. And no, it has nothing to do with "muscle confusion," "functional training," or any other pseudoscientific fitness nonsense. How to create meal plans for losing fat and building muscle with all of the foods you love so you never feel starved, deprived, or like you're "on a diet" (and especially a "bodybuilding diet"). 12 months of done-for-you, paint-by-numbers strength training workouts for getting lean, sexy curves and muscle definition in all of the right places on your body . . . in only 3-to-5 hours of resistance training per week. A no-BS guide to fitness supplements that'll save you hundreds if

not thousands of dollars on useless (and sometimes even dangerous) pills, powders, and potions for fat loss, muscle gain, and the rest of it. And that's not all, either . . . 367 peer-reviewed scientific studies support the Thinner Leaner Stronger system of eating, exercising, and recovering for losing fat and gaining lean muscle and strength. Thinner Leaner Stronger has sold over 400,000 copies in 13 different languages and is regularly revised based on the latest findings in nutrition and exercise scientific research (four editions released and counting!). It's also backed by a "No Return Necessary" money-back guarantee that works like this: if you're unsatisfied with this workout book for women or the program for any reason, let the author know, and you'll get a full refund on the spot. So, imagine . . . just 12 weeks from now . . . looking at the changes in your physique and thinking, "I did that. That's awesome. I'm awesome." And believing it. The bottom line is you can get that beautiful "beach-ready" body without following a bland, boring, bodybuilding diet and without doing exhausting strength training workouts you hate. And this exercise book shows you

how. Get your copy now, and start your journey to a fitter, leaner, and stronger you.

The Badass Body Diet Oculus Publishers
Have you longed to be a lean, mean, fat-burning, muscle machine? In this book, you get a 7-day lean muscle meal plan & over 30 pages of recipes, as well as tips about foods that can help you gain lean muscle. You also get exercise tips and get to learn the benefits of a lean muscle diet. This 34 page, 6x9 inch book is packed full of helpful information to help you get started on the path to being lean. It's not a quick journey but with this book you'll be on your way to success!

Muscle for Life Oculus Publishers
New York Times Bestseller Stop—and even reverse!—age-related weight gain and muscle loss with the first-ever weight-loss plan specifically designed to shrink your belly, extend your life, and create your healthiest self at mid-life and beyond. You don't have to gain weight as you age. That's the simple yet revolutionary promise of *The Whole Body Reset*, which uncovers why standard diet and exercise advice stops working for us as we approach midlife—and reveals how simple

changes to the way we eat can halt, and even reverse, age-related weight gain and muscle loss. *The Whole Body Reset* presents stunning new evidence about the power of “protein timing” for people at midlife—research that blows away current government guidelines, refutes the myth of slowing metabolisms and “inevitable” weight gain, and changes the way people in their mid-forties and older should think about food. *The Whole Body Reset* explains in simple, inspiring terms exactly how our bodies change with age, and how eating to accommodate those changes can make us respond to exercise as if we were twenty to thirty years younger. Developed by AARP, tested by a panel of more than 100 AARP employees, and approved by an international board of doctors, nutritionists, and fitness experts, *The Whole Body Reset* doesn't use diet phases, eating windows, calorie restriction, or other trendy gimmicks. Its six simple secrets and scores of recipes are easy to follow, designed for real people living in the real world. A dining guide even shows how to follow this program in popular restaurants from McDonald's to Starbucks to Olive Garden. And best of all: It works!

Oculus Publishers
Achieve the lean, fit look of a professional athlete in just twelve weeks with this straightforward fitness plan. New studies are confirming what Paul Goldberg has already observed in his high-profile clients: getting leaner—not just thinner—is the single most important change that we can make to feel and look our best. What many Americans struggle with today is known as normal weight obesity: normal body weight, but high body-fat percentage, which can lead to serious health problems. Now Goldberg has developed an effective plan to lower body fat by eating the right foods and building muscle. The twelve-week Lean Look program requires no fancy equipment, takes thirty minutes a day, six days a week, and can easily be done at home. Goldberg shows how to add foods to your diet that promote muscle development, cut back on foods that encourage fat storage, time your meals for optimal nutrition, and exercise to burn fat. With over 100 photographs, a Lean Look journal, body-fat tables, and a four-week meal plan, *The Lean Look* is a straightforward guide to getting the

sculpted, athletic body you've always wanted.

Vegan Lean Harlequin

Let's face it—women simply do not shed pounds or build muscle as easily as men do. Drawing on fascinating recent research that has shed new light on the gender differences in food metabolism and the effect of exercise, the editors of *Women's Health*, the healthy lifestyle magazine for today's active woman on the go, have devised a weight-loss plan that works especially well for women who would like to lose 5-25 pounds. Key features of the *Women's Health Perfect Body Plan* include:

- Glucomannan, a soluble fiber that helps dieters feel full faster—and therefore eat less throughout the day
- Meal plans that contain at least 40 grams of fiber per day
- An adjustment for the impact of female hormones on weight loss (women need a higher protein diet than men to increase lean body tissue and decrease body fat)
- Dieting techniques that revolve around psychological needs and personal goals and lifestyle
- Two diet plans to choose from—one higher in fats and lower in carbs; the other higher in carbs and lower in fats (simple food tests help women

choose the type they need) In addition to the customized eating plan—complete with 75 easy-to-prepare recipes—there is a vigorous customized fitness program consisting of 50 exercises that brings results in just three weeks.

The New Lean for Life Createspace Independent Publishing Platform
Whether you're looking for the right strength training diet, building muscle diet, lean muscle diet...whatever you want to call it...this book can help you achieve your health and fitness goals. Health experts have long told us that fitness is 70% diet, 30% exercise. So if you're serious about getting in great shape and want to learn how to gain muscle through proper nutrition then *The Muscle Building Diet* is a solid place to start.

The #1 Ketogenic Intermittent Fasting Diet Book Rodale Books
A muscle building diet that's easy to maintain...followed by 50 simple recipes all health and fitness nuts will love. Whether you're looking for the right strength training diet, building muscle diet, lean muscle diet...whatever you want to call it...this two books in one bundle can help you achieve your health and fitness

goals. Health experts have long told us that fitness is 70% diet, 30% exercise. So if you're serious about getting in great shape and want to learn how to gain muscle through proper nutrition then *Muscle Building Diet* is THE place to start. It combines two top-selling books by fitness author Marc McLean: *Strength Training Nutrition 101: Burn Fat & Build Muscle Easily...A Healthy Way Of Eating You Can Actually Maintain* *Meal Prep Recipe Book: 50 Simple Recipes For Health & Fitness Nuts* *Muscle Building Diet* is not aimed at gym meatheads with over-developed unnatural physiques, or steroid-using bodybuilders. Instead, this two books combo is written for men and women who want to build lean muscle, burn bodyfat...and get in the best shape of their lives without going to crazy extremes. Not sure about what foods you should be eating - and frustrated by all the conflicting dietary advice out there? Confused about what to eat and drink pre and post-workout to gain maximum muscle from your gym efforts? How many grams of protein per day? How many calories? Macronutrients...micronutrients? There's a lot to figure out - but it doesn't

have to be complicated. Muscle Building Diet simplifies all of this for you so that you can build muscle lose fat effectively - and the first book shows you how to do this in a healthy way that's easy to maintain. (No fad diets or boring, bland nutritional protocols). It's a sensible, do-able, manageable nutrition guide for men and women who lift weights and want to maximise their gym efforts. Below are the book's chapters: Chapter 1: Simplifying Diet & Nutrition For More Muscle, Less Fat Chapter 2: The 7 Golden Rules of Clean Eating Chapter 3: The 'Poison' In Our Diets Chapter 4: Making The Right Food Choices Chapter 5: Calories Chapter 6: Do We Really Need All That Protein? Chapter 7: Pre-Workout Nutrition Chapter 8: Post-Workout Nutrition Chapter 9: Supplements - The Good, The Bad & The Useless The second book in this combo - Meal Prep Recipe Book: 50 Simple Recipes For Health & Fitness Nuts - serves up a variety of awesome recipes that are simple to make and ridiculously tasty. These nutrient-packed fitness recipes make clean eating easy and prove that you don't have to eat boring, bland food to get in great shape. Each recipe also includes a calorie and

macronutrients breakdown. Figuring out calories, carbs or grams of protein couldn't be easier. This recipe book is all about preparing easy meals using fresh, whole foods - and empowering you to take full charge of your muscle building diet. Two books in one - and the know how to gain muscle effectively through proper diet and nutrition. SPECIAL BONUS FOR READERS A free supplements guide is also available for every reader. In this bonus report, author Marc McLean details the all-natural supplements he uses to help boost his performance in the gym, enhance recovery, improve sleep, develop muscle, stay lean and maintain optimal health overall.

The Lean Body Manual Weight a Bit Fabulous Body is a paradigm with 3 pillars, 9 fundamental laws that will act as a personal coach in your quest to build your ideal physique that you so deserve. Here are the Top 9 Reasons why you should read this book: -You want to build lean and proportionate muscles but don't want to look like a bodybuilder. I have gone from 140 pounds to 178 pounds (current) and I don't look like one; neither will you. The idea is to have enough muscles to keep

people interested but not so much to scare them off. -You want to drop your body fat and bring it into the optimal range (for men, 9 to 14 percent; for women, 19 to 24 percent). -You want to build a pleasant looking body that is also functional and optimally healthy. The Fabulous Body training system (FBX) is a multifaceted system that ensures you develop a well-rounded physique. -You are serious about your health and fitness goals but have limited time. FBX optimizes your gene expression in only 3 - 6 hours per week. You don't need to do more. -You have limited funds to allocate to your health and fitness goals. FBX can be pursued with very basic equipment, including home gyms. Further, the Reality Diet (a term I used for a no-fad diet-notice it's not FAT but FAD) focuses on home-made meals with very little use of supplements. -You want to cut through the pseudo and bro science, which is rather overwhelming and confusing for most of us. This book provides you the "truth" that the conventional sources (supplement companies, muscle and fitness magazines) are hiding from you. -You are not looking for mere opinions but rather hard scientific

facts. This book is linked with more than 100 scientific studies to support any concept or theory discussed. All these concepts have been part of my lifestyle long enough for me to know whether they work or not. I will never discuss something just because it is popular or trending. Furthermore you don't need to imbibe (or even believe) everything I say. I would be delighted if you internalize even a single idea from this book that pays you handsomely in long run. -You don't just need a book but a system, a workbook where you simply plug in and start your workouts immediately. There are 16 FBX printable workout routines in the added FREE BONUS REPORT that will get you started right off the bat. These workouts are divided into beginner, intermediate and advanced levels. They are further subdivided into FBX-Cut and FBX-Gain to help you build muscles and lose fat efficiently and effectively. -You are open-minded. You have the courage to try something new or even radical and not simply follow what other people are doing in the gym.

The Lean Look Harper Collins

A new kind of fitness book: a celebration of muscle; an exploration of muscle; and a

regime for building muscle."Muscle", devised and produced by the editorial team of Men's Health magazine, explains and illustrates how your muscles operate:- shows you how your muscles are built systemically and how hormonal factors contribute to muscle growth;- tells you the truth about muscle-building possibilities;- presents total muscle-building programmes;- and demonstrates workouts that work wonders. This stunning book is packed from cover to cover with beautiful, hard-body photographs that blur the boundaries between art and reference. *Muscle Building Diet* Fabulous Body Incorporated

The ultimate cheat sheet that sets out a workable and flexible plan for successful weight loss to fit every lifestyle and diet choice. In this "worst-case diet survival handbook", nutritionist and founder of Foodtrainers™, Lauren Slayton offers strategies and tips to avoid the most disastrous diet booby traps. Along with her no-nonsense nutrition and exercise advice, readers will discover that the missing component of most weight-loss schemes is planning. Planning to succeed and planning for the obstacles on the way to

slim are as vital as what and when to eat and how to incorporate fat-burning activity into your day. All too many dieters give up when they hit a few road bumps created by work, family, socializing, travel, fatigue or indifference. Slayton comes to the rescue with: • The Big 10 "Do-Not-Pass-Go" Basics, from high protein breakfast to "closing the kitchen" after dinner! • Top Ten Things to Avoid to Get Healthy and Slim Down Fast • The 4 P's -- Plan, Purchase, Prep and Promise -- to get and stay on track • The 4-Step Treat Training Strategy to survive the "Witching Hour" Dozens of smart, simple ways to cope with the big obstacles to slim: family, restaurants, travel, entertaining, alcohol and more. Slayton provides the know-how and the what-to-do-when-things-go-south to help readers keep on track, no matter what diet they follow.

Lean Muscle Diet Harmony

If you want to be muscular, lean, and strong as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements...then you want to read this book. Here's the deal: Getting into awesome shape isn't nearly as

complicated as the fitness industry wants you to believe. You don't need to spend hundreds of dollars per month on the worthless supplements that steroid freaks sell in advertisements. You don't need to constantly change up your exercise routines to "confuse" your muscles. I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world village. You don't need to toil away in the gym for a couple of hours per day, doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way to stunt gains and get nowhere.) You don't need to grind out hours and hours of boring cardio to shed ugly belly fat and love handles and get a shredded six-pack. (How many flabby treadmills have you come across over the years?) You don't need to completely abstain from "cheat" foods while getting down to single-digit body fat percentages. If you plan cheat meals correctly, you can actually speed your metabolism up and accelerate fat loss. In this book you're

going to learn something most guys will never know: The exact formula of exercise and eating that makes putting on 10 to 15 pounds of quality lean mass a breeze...and it only takes 8-12 weeks. This book reveals secrets like... The 6 biggest myths and mistakes of building muscle that stunt 99% of guys' muscle gains. (These BS lies are pushed by all the big magazines and even by many trainers.) How to get a lean, cut physique that you love (and that girls drool over) by spending no more than 5 percent of your time each day. The 4 laws of muscle growth that, when applied, turn your body into an anabolic, muscle-building machine. You'll be shocked at how easy it really is to get big once you know what you're doing... How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. The carefully-selected exercises that deliver MAXIMUM results for your efforts, helping you build a big, full chest, a wide, tapered back, and bulging biceps. A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars each year that you would've wasted on products that are nothing more than bunk science and marketing hype.

How to get shredded while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. And a whole lot more! The bottom line is you CAN achieve that "Hollywood hunk" body without having your life revolve around it--no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. Imagine, just 12 weeks from now, being constantly complimented on how you look and asked what the heck you're doing to make such startling gains. Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're getting healthier every day. SPECIAL BONUS FOR READERS! With this book you'll also get a free 75-page bonus report from the author called "The Year One Challenge." In this bonus report, you'll learn exactly how to train, eat, and supplement to make maximum gains in your first year of training. By applying what you learn in the book and in this report, you can make more progress in one year than most guys make in three, four, or even five (seriously!). Scroll up, click the "Buy" button now, and begin your journey to a bigger, leaner, and stronger

you!

The New Rules of Lifting Supercharged Harmony

Do the Impossible - Build Muscle and Burn Fat at the Same Time! The ultimate goal of every bodybuilder and fitness enthusiast is to carve their body into an aesthetic sculpture that of a Greek god. The keto diet is known for its rapid weight loss effects. For burning fat, it's superior to any other diet out there. However... Can You Build Muscle on a Keto Diet? Well, the answer to that is an astounding YES! On the ketogenic diet you can use different strategies and training modalities to force your body to build PURE lean muscle mass, without getting too fat. You don't have to bulk up for 6 months and then starve yourself during your cutting period to get ripped and muscular. Keto Bodybuilding will not only optimize your training but will also improve your health. It's the most sustainable way of eating for the individual who wants to stay low carb while still make some massive gains. This book can show you how to do it. Keto Bodybuilding teaches you how to:

- * Start a ketogenic diet to improve your health.
- * Burn all excess body fat down to single

- digits and stay there year-round.
- * Build some impressive lean muscle mass and strength without getting fat in the process.
- * Train appropriately for any physique goal while on a low carb diet.
- * Get so strong and turn your body into a conditioned weapon of finesse.
- * Activate the most powerful anabolic hormones within your body.
- * Trigger your inner Superhuman switch and become Supersayian.
- * Deliberately manipulate your genes and metabolism to shape your body.
- * Improve your longevity and increase your life-span, so that you can be muscular at an old age as well.
- * Not feel deprived or have low levels of energy.
- * Reclaim your throne of greatness and start enjoying life a lot more.

The seemingly impossible is actually possible. As contradicting as it might sound right now, you can build lean muscle and burn fat. Siim Land, the author, is a modern day Renaissance man, a hunter-gatherer, an author, a holistic health practitioner and a bodybuilder. He has been in ketosis since May 2015 and has researched the topic thoroughly. After having learnt how to optimize it with his strength training, he has managed to get stronger, build muscle

and burn fat. He's a fat burning beast and an animal at the gym. Doing ketogenic bodybuilding is an effective long-term strategy to reach your biological potential and live a healthy lifestyle at the same time. This book is what you've probably been searching for during your entire fitness journey.

Bigger Leaner Stronger Penguin
Shawn Baker's Carnivore Diet is a revolutionary, paradigm-breaking nutritional strategy that takes contemporary dietary theory and dumps it on its head. It breaks just about all the "rules" and delivers outstanding results. At its heart is a focus on simplicity rather than complexity, subtraction rather than addition, making this an incredibly effective diet that is also easy to follow. The Carnivore Diet reviews some of the supporting evolutionary, historical, and nutritional science that gives us clues as to why so many people are having great success with this meat-focused way of eating. It highlights dramatic real-world transformations experienced by people of all types. Common disease conditions that are often thought to be lifelong and progressive are often reversed on this

diet, and in this book, Baker discusses some of the theory behind that phenomenon as well. It outlines a comprehensive strategy for incorporating the Carnivore Diet as a tool or a lifelong eating style, and Baker offers a thorough discussion of the most common misconceptions about this diet and the problems people have when transitioning to it.

Flexible Dieting Harlequin

Mention the name Bill Phillips to any of the people he's helped transform and you will see their faces light up with appreciation and respect. These people include: Hundreds of thousands of men and women who read his magazine for guidance and straightforward information about exercise, nutrition, and living with strength. Elite professional athletes, among them John Elway, Karl Malone, Mike Piazza, and Terrell Davis who have turned to Phillips for clear-cut information to enhance their energy and performance. People once plagued by obesity, alcoholism, and life-threatening ailments who accepted a personal challenge from Bill Phillips and, with his help, have regained control of their bodies and their

lives. When you begin to apply the information in this book, you will be proving to yourself that astounding changes are within your grasp too. And, you will discover Body-for-LIFE is much more than a book about physical fitness ?t's a gateway to a new and better life, a life of rewarding and fulfilling moments, perhaps more spectacular than you've ever dared to dream before. Within 12 weeks, you too are going to know ?ot believe, but know : that the transformation you've created with your body is merely an example of the power you have to transform everything else in your world. In language that is vivid and down-to-earth, Bill Phillips guides you, step by step, through the integrated Body-for-LIFE Program, which reveals: How to lose fat and increase your strength by exercising less, not more; How to tap into an endless source of energy by living with the Power Mindset™; How to create more time for everything meaningful in your life; How to trade hours of aerobics for minutes of weight training ?ith dramatic results; How to make continual progress by using the High-Point Technique™; How to feed your muscles while starving fat with the

Nutrition-for-LIFE Method™; How thousands of ordinary people have now become extraordinary and how you can, too; How to gain control of your body and life, once and for all. The principles of the Body-for-LIFE Program are surprisingly simple but remarkably powerful. So allow yourself to experience the force of the information in this book, allow yourself to take your mind, your body, your life to a higher point than you may have ever dreamed you could. All in as little as 12 weeks.

Body For Life Everything
 CrossFit celebrity Christmas Abbott shows how to attain the body of your dreams with a targeted eating strategy and total-body workout plan that will whip glutes and hips—and every problem area—into top shape. As a formerly “skinny fat” woman, Christmas Abbott knows what real women need to get the butt and body of their dreams. In *The Badass Body Diet*, she dispels the myth of the health benefits of a “pear shape” body, teaches readers how to spot-reduce excess fat with targeted meal plans and recipes that zap cellulite, and galvanizes them with a quick and simple workout plan for a toned butt—the key to total body fitness. Your “glutes” (the technical term for booty) are the body's largest and most powerful muscle group—and one of the most beautiful—but they can go dormant, flat, and flabby. Packed with essential information, and inspirational before-and-after photos of her clients, *The Badass Body Diet* shows how to whip that butt into shape and provides essential information

on how to: Select essential “booty foods”—the right proteins, fats, and carbs Experience a total body workout with an easy-to-follow, powerful exercise program Improve posture and functional mobility and enhance overall health Target cellulite through diet, workout strategies, and other proven tips And much more. Unlike most “one approach fits all” diet and exercise books, *The Badass Body Diet* identifies the three types of dieters that Christmas has discovered working with hundreds of clients at her CrossFit gyms—Modifiers, Gainers, and Maintainers—and tailors her approach to each, providing specific goals for maximum results. Stop obsessing about a flat belly, Christmas advises. *A Badass Body* is a birthright, and it starts at the bottom—with a trim and tight tush. [The Lean Body Promise](#) Fair Winds Press (MA)

With so many diets and programs to choose from, finding the right nutritional path can be challenging. Many modern diets are rooted in misrepresented science, rely heavily on supplements, or are just simply not sustainable in the long term. *World’s Strongest IFBB Pro*

Bodybuilder Stan Efferding and Dr. Damon McCune have partnered to bring you a program that sets the confusion aside and puts you on the path to weight loss, better performance, and overall better health, today. *The Vertical Diet* provides practical nutrition and lifestyle solutions that are simple, sensible, and sustainable. Stan and Damon provide a specific plan and comprehensive tools that will help you develop a greater understanding of which foods are nutrient-dense and digested easily and efficiently for maximal health benefits. With example menus and easy-to-follow recipes, *The Vertical Diet* takes all the guesswork out of what to eat and when. You will also learn how to build a daily checklist of healthy behaviors to follow to support your long-term success on the program. *The Vertical Diet* is complete with: A selective (not restrictive) dietary plan that’s rich in easy-to-digest carbs and proteins Recommendations for lifestyle changes that address everything from ways to boost metabolism to better sleep hygiene Personal testimonials from *Vertical Diet* clients; data from scientific sources; references to experts in the field, and actionable tools such as calorie

calculators, shopping lists, and recipes to help explain these concepts Stan and Damon’s *Compliance Is the Science* method to help you establish the motivation and mindset for lifelong success What you learn in these pages will allow you to make informed decisions about your diet and will enable you to approach the dieting process from a total-body perspective. Whether you are a performance athlete, a weekend warrior, or simply looking to take a step toward better health, look no further than *The Vertical Diet*.

[The Lean Muscle Diet](#) Penguin

#1 NEW YORK TIMES BESTSELLER • The game-changing author of *Tribe of Mentors* teaches you how to reach your peak physical potential with minimum effort. “A practical crash course in how to reinvent yourself.”—Kevin Kelly, *Wired* Is it possible to reach your genetic potential in 6 months? Sleep 2 hours per day and perform better than on 8 hours? Lose more fat than a marathoner by bingeing? Indeed, and much more. *The 4-Hour Body* is the result of an obsessive quest, spanning more than a decade, to hack the human body using data science. It

contains the collective wisdom of hundreds of elite athletes, dozens of MDs, and thousands of hours of jaw-dropping personal experimentation. From Olympic training centers to black-market laboratories, from Silicon Valley to South Africa, Tim Ferriss fixated on one life-changing question: For all things physical, what are the tiniest changes that produce the biggest results? Thousands of tests later, this book contains the answers for both men and women. It's the wisdom Tim used to gain 34 pounds of muscle in 28 days, without steroids, and in four hours of total gym time. From the gym to the bedroom, it's all here, and it all works. You will learn (in less than 30 minutes each):

- How to lose those last 5-10 pounds (or 100+ pounds) with odd combinations of food and safe chemical cocktails
- How to prevent fat gain while bingeing over the weekend or the holidays
- How to sleep 2

- hours per day and feel fully rested
- How to produce 15-minute female orgasms
- How to triple testosterone and double sperm count
- How to go from running 5 kilometers to 50 kilometers in 12 weeks
- How to reverse "permanent" injuries
- How to pay for a beach vacation with one hospital visit

And that's just the tip of the iceberg. There are more than 50 topics covered, all with real-world experiments, many including more than 200 test subjects. You don't need better genetics or more exercise. You need immediate results that compel you to continue. That's exactly what *The 4-Hour Body* delivers. *No Meat Athlete* Victory Belt Publishing Research shows that although people can lose 5 to 10 percent of their body weight on any given diet, dieting itself is a consistent predictor of future weight gain. Why? At some point, everyone stops dieting. The Lean Muscle Diet solves the

sustainability problem while offering immediate results. It's simple: act as if you already have the body you want. If a reader is, say, a 220-pound man who wants to become a muscular 180-pounder, he then uses The Lean Muscle Diet's formula to eat and train to sustain a 180-pound body. The transformation begins immediately, and the results last for life. Lou Schuler, who has sold more than one million copies of his fitness books worldwide, and Alan Aragon, nutrition advisor to Men's Health, have created an eating and "metabolically expensive" exercise plan designed to melt fat while building muscle. the best part? the plan allows readers to eat their favorite foods, no matter how decadent. with full support from Men's Health, The Lean Muscle Diet delivers a simple—and simply sustainable—body transformation plan anyone can use.
