When You Are Old Oswaal Books and Learning Private Limited
Beautiful early writings by one of the 20th century's greatest poets on the 150th anniversary of his birth A Penguin Classic The poems, prose, and drama gathered in When You Are Old present a fresh portrait of the Nobel Prize-winning writer as a younger man: the 1890s aesthete who dressed as a dandy, collected Irish folklore, dabbled in magic, and wrote heartrending poems for his beloved, the beautiful, elusive Irish revolutionary Maud Gonne. Included here are such celebrated, lyrical poems as "The Lake Isle of Innisfree" and "He Wishes for the Cloths of Heaven," as well as Yeats's imaginative retellings of Irish fairytales—including his first major poem, "The Wanderings of Oisín," based on a Celtic fable—and his critical writings, which offer a fascinating window onto his artistic theories. Through these enchanting works, readers will encounter Yeats as the mystical, lovelorn bard and Irish nationalist popular during his own lifetime. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The stellar and stimulating role assigned to State enterprises as a growth-catalyst and equity-promoter in the Indian economy will remain largely unfulfilled if their goal-oriented performance is not

ensured. Such a heavy responsibility calls for a purposive and effective control accountability mechanism. Remarkably, in the specific context of State enterprises, public accountability can be grouped into four broad categories, viz., legislative, ministerial, financial and judicial. No doubt, each of them has a relevance in its own realm and it is only when they work together that the achievement of broader objectives of accountability of State enterprises becomes possible. However, for obvious reasons and with the primary objective to delimit the area of study for an in-depth treatment, the present study concentrates on the legislative accountability of public enterprises at the State level. It may be added that legislative accountability encompasses the broad spectrum of questions, debates and the Committee on Public Undertakings specifically set up to check goal-displacement and ensure efficient operation of State enterprises. The study tries to highlight the relative and cumulative effectiveness of all the three modes of control via due exposure, adequate focus and dispassionate analysis.
