Longtime astrologers Shiva Das and Mercy Ananda take readers through every aspect of astrology, from its history, principles, components, and meanings, to its use as a tool to raise awareness and to understand possibilities in cause and effect. With nearly 180 black and white illustrations, including zodiac, primary wheel, and sign relationship depictions, Divine Love Astrology provides a thorough education in this ancient system. This essential guide embraces the immediate personal and practical applications of astrology and encompasses the broadest philosophical and universal values, guiding us from Earthly mundane to the celestial Divine. Not only do the authors teach readers the basics of the field, but they also provide them with tools to reflect and develop intuitive understanding that will aid in reading astrology charts and living a conscious life. Divine Love Astrology will benefit those interested in becoming astrologers and help them— through the use of astrology as a contemplative science—develop their intuition. Rather than proposing that we live our lives by astrological events or learn to stereotype people, Das and Ananda help readers get in touch with their inner knowing, enabling them to make conscious choices for themselves in the present. With its spiritual and applicable lens, Divine Love Astrology will help both professional astrologers and laypeople alike take charge of their lives from the inside out.

The autobiography of Paramahansa Yogananda (1893 - 1952) details his search for a guru, during which he encountered many spiritual leaders and world-renowned scientists. When it was published in 1946 it was the first introduction of many westerners to yoga and meditation. The famous opera singer Amelita Galli-

Curci said about the book: "Amazing, true stories of saints and masters of India, blended with priceless superphysical information-much needed to balance the Western material efficiency with Eastern spiritual efficiency-come from the vigorous pen of Paramhansa Yogananda, whose teachings my husband and myself have had the pleasure of studying for twenty years."

An enlightening guide to success, fulfillment, wholeness, and plenty, offering practical advice on how to cultivate a sense of abundance in times of fear and insecurity, from New York Times bestselling author Deepak Chopra "To attain wealth of the lasting kind, the kind that gives your life meaning, value, and sustenance, base your daily existence on the generosity of spirit."—Deepak Chopra Many of us live and operate from a mind-set of lack, scarcity, and limitation. We focus on what we don't have—financial security, confidence, an intimate relationship—which keeps us feeling insecure and inadequate. We think "if only I could have those things, I could be happy." But measuring wealth by money or material possessions leaves us feeling drained and spiritually empty. Constantly striving for more often means our ego is driving our thoughts, actions, and reactions, which prevents us from reaching something greater: a true sense of inner peace, acceptance, and fulfillment. Yet, there is an inner path to prosperity and wealth that, once charted and explored, provides access to the great riches of the universe and life's unbounded possibilities. In *Abundance*, international bestselling author Deepak Chopra illuminates this road to success and wholeness, helping readers tap into a deeper sense of awareness to become agents of change in their own lives. Mixing ancient teachings and spiritual practices with the wisdom he's garnered over four decades as the leading figure in mind-body medicine, Deepak demonstrates how to transcend self-generated feelings of limitation and fear in order to experience true abundance in all aspects of life. To do so, he offers a seven-step plan along with meditations and mindfulness techniques to help you focus and direct your attention, energy, and intuition so you can experience stability, affluence, insight, creativity, love, and true power.

The book begins by introducing the reader to a fantastic possibility - that humanity may be on the verge of a major shift in consciousness rooted in a new understanding of how our DNA operates - namely that it is programmed directly by the way we think and feel. This is a highly ambitious and sophisticated system for shaping one's destiny. Based around 64 archetypes, it resembles the I Ching in its vast scope and profound importance, and in the resonant character of its symbolism. The author shows how there are two ways to approach the Gene Keys - the analogue (holistic) way and the digital (detailed) way. It is the combining of both analogue and digital that results in contemplation - the primary pathway into the Gene Keys. Since our beliefs shape our genes, when we change our beliefs, we change the chemistry of our body. The Gene Keys are an inner language whose central purpose is to transform our core beliefs about ourselves, thus raising our lives onto a new level of awareness. The book works alongside state-of-the-art online profiling software. This software will provide instantaneous free profiles known as 'Hologenic Profiles', which uses astrological data (time, date and place of birth) to generate a unique sequence of Gene Keys that relate to many aspects of your life, including the underlying genetic patterns governing your relationships, your finances, your health and your life purpose. As the reader contemplates the 64 Gene Keys over time and applies their insights in his or her own life, so one's belief system will

begin to change and our DNA will actually start to transform the way we think and feel.

In *A Spiritual Approach to Astrology*, Myrna Lofthus strives to re-awaken the conscious mind to the intentions and meaning of this lifetime of which the higher self was aware before birth. "Thus," she writes, "you are made aware of what you wished to accomplish and in what areas of life you need the most work and understanding." Drawing upon the universal teachings of reincarnation as expressed in Edgar Cayce's work, Myrna Lofthus illuminates the karmic patterns reflected in the birth chart. Dozens of charts and illustrations help the reader to understand the astronomical and the theoretical foundations of the birth chart. The lengthy section on aspects not only explains their karmic meaning but includes interpretations of the 40° ("nonagen" or "novile") and the 150° ("quincunx") aspects, as well as aspects to the Moon's nodes, Part of Fortune, Ascendant, and Midheaven, all of which are rarely found in other books. This comprehensive guide places astrology within a spiritual context and makes it accessible to novice students with no prior knowledge of astrology as well as advanced students seeking specialized information on the subtler implications of astrological configurations. Myrna Lofthus, a lifelong student of world religions and philosophies, graduated Magna Cum Laude from Pacific Lutheran University. Strongly influenced in her search for truth by the philosophy of Edgar Cayce and by the astrological concepts of Isabel Hickey, Myrna Lofthus has come to view astrology as a way an individual can find the main purpose of this incarnation.
