THE STORY: A play that is profoundly affecting, SUMMER AND SMOKE is a simple love story of a somewhat puritanical Southern girl and an unpuritanical young doctor. Each is basically attracted to the other but because of their divergent attitudes tow

A haunting examination of groupthink and mass hysteria in a rural community A Penguin Classic "I believe that the reader will discover here the essential nature of one of the strangest and most awful chapters in human history," Arthur Miller wrote in an introduction to *The Crucible*, his classic play about the witch-hunts and trials in seventeenth-century Salem, Massachusetts. Based on historical people and real events, Miller's drama is a searing portrait of a community engulfed by hysteria. In the rigid theocracy of Salem, rumors that women are practicing witchcraft galvanize the town's most basic fears and suspicions; and when a young girl accuses Elizabeth Proctor of being a witch, self-righteous church leaders and townspeople insist that Elizabeth be brought to trial. The ruthlessness of the prosecutors and the eagerness of neighbor to testify against neighbor brilliantly illuminate the destructive power of socially sanctioned violence. Written in 1953, *The Crucible* is a mirror Miller uses to reflect the anti-communist hysteria inspired by Senator Joseph McCarthy's "witch-hunts" in the United States. Within the text itself, Miller

contemplates the parallels, writing: "Political opposition...is given an inhumane overlay, which then justifies the abrogation of all normally applied customs of civilized behavior. A political policy is equated with moral right, and opposition to it with diabolical malevolence." For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Dialogue and Characterization Grove/Atlantic, Inc.

Buried deep in the soul of every man is a tormented child, some more terrified than others. When Karen Tyler agrees to write the sad story of Tony Carlton's childhood, she's unaware of the peril it will unleash upon herself. Each page she pens fuels the fires of her own nightmares and by the time she is aware of what's happening she's knee deep in blood. So reader beware of the ghosts that taunt you as you sleep, because once you break the binding of Abigail's Cries there's no turning back. Just as the author couldn't stop writing, so will you not stop reading.

Settling Religious Disputes with Secular Law Becky Littrell
The definitive memoir of Arthur Miller—the famous playwright of *The Crucible*, *All My Sons*, *Death of a Salesman*, *A View from the Bridge*, and other plays—Timebends reveals Miller's incredible trajectory as a man and a writer. Born in 1915, Miller grew up in Harlem in the 1920s and 1930s, developed leftist political convictions during the Great Depression, achieved moral victory against McCarthyism in the 1950s, and became president of PEN International near the end of his life, fighting for writers' freedom of expression. Along the way, his prolific output established him as one of the greatest writers of the twentieth century—he wrote twenty-two plays, various screenplays, short stories, and essays, and won the Pulitzer Prize in 1949 for *Death of a Salesman* and the New York Drama Critics Circle Award in 1947 for *All My Sons*. Miller also wrote the screenplay for *The Misfits*, Marilyn Monroe's final film. This memoir also reveals the incredible host of notables that populated his life, including Marilyn Monroe, Elia Kazan, Clark

Gable, Sir Laurence Olivier, John F. Kennedy, and Mikhail Gorbachev. Leaving behind a formidable reputation in the worlds of theater, cinema, and politics, Arthur Miller died in 2005 but his memoir continues his legacy.

The first and most terrifying monster in English literature, from the great early epic *Beowulf*, tells his own side of the story in this frequently banned book. This classic and much lauded retelling of *Beowulf* follows the monster Grendel as he learns about humans and fights the war at the center of the Anglo Saxon classic epic. This is the book William Gass called "one of the finest of our contemporary fictions."

The Crucible Macmillan International Higher Education

A new Penguin Plays edition of the forgotten classic that launched the career of one of America's greatest playwrights. It took more than fifty years for *The Man Who Had All the Luck* to be

appreciated for what it truly is: the first stirrings of a genius that would go on to blossom in such masterpieces as *Death of a Salesman* and *The Crucible*. This striking new edition finally adds Miller's first major play to the Penguin Plays series—now in beautifully redesigned covers. Infused with the moral malaise of the Depression era, this parable-like drama centers on David Beeves, a man before whom every obstacle to personal and professional success seems to crumble with ease. But his good fortune merely serves to reveal the tragedies of those around him in greater relief, offering what David believes to be evidence of a capricious god or, worse, a godless, arbitrary universe. David's journey toward fulfillment becomes a nightmare of existential doubts, a desperate grasp for reason in a cosmos seemingly devoid of any, and a struggle that will take him to the brink of madness.

Landmark research findings and reviews in aluminum reduction technology. Highlighting some of the most important findings and insights reported over the past five decades, this volume features many of the best original research papers and reviews on aluminum reduction technology published from 1963 to 2011. Papers have been organized into seven themes: 1. Fundamentals 2. Modeling 3. Design 4. Operations 5. Control 6. Environmental 7. Alternative processes. The first six themes deal with conventional Hall-Héroult electrolytic reduction technology, whereas the last theme features papers dedicated to nonconventional processes. Each section begins with a brief introduction and ends with a list of recommended articles for further reading, enabling researchers to explore each subject in greater depth. The papers for this volume were selected from among some 1,500 *Light Metals* articles. Selection was based on a rigorous review process. Among the papers, readers will find breakthroughs in science as well as papers that have had a major impact on technology. In addition, there are expert reviews summarizing our understanding of key topics at the time of publication. From basic research to advanced applications, the articles published in this volume collectively represent a complete overview of aluminum reduction technology. It will enable students, scientists, and engineers to trace the history of aluminum reduction technology and bring themselves up to date

with the current state of the technology.

Collected Essays, 1944-2000 Penguin

A darkly satirical novel of love, revenge, and 1950s haute couture—now a major motion picture starring Kate Winslet, Judy Davis, Liam Hemsworth, and Hugo Weaving. After twenty years spent mastering the art of dressmaking at couture houses in Paris, Tilly Dunnage returns to the small Australian town she was banished from as a child. She plans only to check on her ailing mother and leave. But Tilly decides to stay, and though she is still an outcast, her lush, exquisite dresses prove irresistible to the prim women of Dungatar. Through her fashion business, her friendship with Sergeant Farrat—the town's only policeman, who harbors an unusual passion for fabrics—and a budding romance with Teddy, the local football star whose family is almost as reviled as hers, she finds a measure of grudging acceptance. But as her dresses begin to arouse competition and envy in town, causing old resentments to surface, it becomes clear that Tilly's mind is set on a darker design: exacting revenge on those who wronged her, in the most spectacular fashion.

_____ How do you carry on when things go deadly wrong?

When Dr Rahul Jandial operated on Karina, an eleven-year-old girl whose spinal cord was splitting in two, he had to make an impossible decision. He followed his head over his gut and Karina was left permanently paralysed, altering both patient and surgeon's lives for ever. This decision would haunt Rahul for decades, a constant reminder of the fine line between saving and

damaging a life. As one of the world's leading brain surgeons, Rahul is the last hope for patients with extreme forms of cancer. In treating them, he has observed humanity at its most raw and most robust. He has journeyed to unimaginable extremes with them, guiding them through the darkest moments of their lives. *Life on a Knife's Edge* is Rahul's beautifully written account of the resilience, courage and belief he has witnessed in his patients, and the lessons about human nature he has learned from them. It is about the impossible choices he has to make, and the fateful consequences he is forced to live with. From challenging the

ethics of surgical practices, to helping a patient with locked-in syndrome communicate her dying wish to her family, Rahul shares his extraordinary experiences, revealing the depths of a surgeon's psyche that is continuously pushed to its limits.
