### **Rescuing Nationals Abroad Through Military Coercion and Intervention on Grounds of Humanity** Cambridge University Press

Manuale di diritto internazionale. Trasformazioni, dovute alla globalizzazione, di aspetti-chiave della comunità internazionale classica: composizione, processi decisionali, istituzioni, norme giuridiche. Ampia bibliografia e indice dei casi.

### **Commentary on the 1969 Vienna Convention on the Law of Treaties** Giuffrè Editore

Il volume tratta la disciplina in tema di rogatorie e cooperazione internazionale nell'ambito della procedura penale, analizzando l'intero quadro normativo, anche internazionale e comunitario, e affrontando tutte le questioni di particolare interesse, quali le problematiche connesse all'estradizione, al mandato di arresto europeo e, in generale, a quelle legate all'investigazione internazionale. Attraverso un commento approfondito della giurisprudenza di merito, di legittimità e della corte europea, l'Opera risulta essere un importante mezzo per la soluzione dei questioni concrete e quotidiane del professionista del settore. - Aggiornato al d.lg. 7 settembre 2010, n. 161 che attua la decisione quadro 2008/909/GAI del Consiglio, del 27 novembre 2008, relativa all'applicazione del principio del reciproco riconoscimento alle sentenze penali che irrogano pene detentive o misure privative della libertà personale, ai fini della loro esecuzione nell'Unione Europea; l. 2 luglio 2010, n. 108 che ratifica la Convenzione di Varsavia sulla lotta contro la tratta di esseri umani; l. 14 maggio 2010, n. 84, è stato ratificato il Trattato per l'istituzione della Forza di gendarmeria europea, Eurogendfor Aggiornato alla giurisprudenza di legittimità e della corte europea del 2010; PIANO DELL'OPERA Le rogatorie internazionali Le rogatorie c.d. attive I singoli atti rogabili Le rogatorie dall'estero o «passive» Diritto dell'Unione Europea e giurisprudenza delle corti sovranazionali: incidenza sul diritto penale interno I c.d. serious crimes: terrorismo, criminalità organizzata, traffico di esseri umani, traffico di sostanze stupefacenti Magistrati di collegamento, Rete Giudiziaria Europea, Olaf, Eurojust, pubblico ministero europeo Cooperazione di polizia - Interpol, Europol, squadre investigative comuni (J.I.T.) ### Convenzione di Vienna sul diritto dei trattati Alessandro Bucci

This peer-reviewed book features essays on the Armenian massacres of 1915-1916. It aims to cast light upon the various questions of international law raised by the matter. The answers may help improve international relations in the region. In 1915-1916, roughly a million and a half Armenians were murdered in the territory of the Ottoman Empire, which had been home to them for centuries. Ever since, a dispute between Armenians and Turkey has been ongoing over the qualification of the massacres. The contributors to this volume examine the legal nature and consequences of this

event. Their investigation strives to be completely neutral and technical. The essays also look at the broader issue of denial. For instance, in Turkey, public speech on the matter can still trigger criminal prosecution whereas in other European States denial of genocide, war crimes and crimes against humanity is criminalized. However, the European Court of Human Rights views criminal prosecution of denial of the Armenian massacres as unlawful. In addition, one essay considers a state's obligation to remember by looking at lessons learnt from the Inter-American Court of Human Rights. Another contributor looks at a collective right to remember and some ideas to move forward towards a solution. Moreover, the book explores the way the Armenian massacres have affected the relationship between Turkey and the European Union.

### *Recueil Des Cours, Collected Courses 1981* LIT Verlag Münster

This volume is the sixth in the Series The Judges, which collects and synthesizes the opinions of leading international Judges of the contemporary era who have contributed significantly to the progressive development of international law. The current volume contains a selection of the Individual Opinions of Judge Antônio A. Cançado Trindade, former Judge and President of the Inter-American Court of Human Rights, and since 2008 a Judge of the International Court of Justice. Two volume set.

### *Anuario de la Comisión de Derecho Internacional 2011, Vol. II, Parte 3* Independently Published

The Academy is a prestigious international institution for the study and teaching of Public and Private International Law and related subjects. The work of the Hague Academy receives the support and recognition of the UN. Its purpose is to encourage a thorough and impartial examination of the problems arising from international relations in the field of law. The courses deal with the theoretical and practical aspects of the subject, including legislation and case law. All courses at the Academy are, in principle, published in the language in which they were delivered in the "Collected Courses of the Hague Academy of International Law".

### **International justice and interpretation** Bloomsbury Publishing

This fully up-dated, third revised edition of Conforti's thought-provoking and challenging textbook, *The Law and Practice of the United Nations*, provides a comprehensive legal analysis of problems concerning membership, the structure of UN organs, their functions and their acts, taking into consideration the text of the Charter, its historical origins, and, particularly, the practice of the organs. Its main focus is on the practice of the Security Council. In particular the action of the Security Council under Chapter VII has been taken into account. The legal literature on Chapter VII - a literature which has grown enormously in recent times - has also been considered. The fact that the legal aspects of the action or the inaction of the Security Council have been discussed to an unusually large extent by ordinary people at the time of the war against Iraq and even later is worth noting. The importance of the role of the United Nations, and the content of the rules governing it, has become a leitmotiv of all debates on international politics. Consequently, the opinion often held in the past, according to which it was useless to deal with the legal aspects of the United Nations activity, can be considered as obsolete.

Convenzione di Vienna sul diritto dei trattati Giuffrè Editore

The Yearbook contains the official records of the International Law Commission and is an indispensable tool for the preservation of the legislative history of the documents emanating from the Commission, as well as for the teaching, study, dissemination and wider appreciation of the efforts undertaken by the Commission in the progressive development of international law and its codification. Volume II (Part Three) reproduces the edited version of the annual report of the Commission to the General Assembly.

Comparazione e rapporti tra Comunità Europea e Mercosur Martinus Nijhoff Publishers

La Convenzione di Vienna sul diritto dei trattati è un trattato internazionale riguardante il diritto internazionale consuetudinario in particolare riguardo ai trattati tra Stati. Adottato il 22 maggio 1969 e aperto alla firma il 23 maggio. La Convenzione è entrata in vigore il 27 gennaio 1980

L'efficacia dei trattati sui diritti umani Springer

The 2001 issue of the Yearbook deals with the problem of international justice. What is the meaning of "justice" in the age of globalisation? In which sense can the "right" provide for criteria that make it possible to afford conflicts in international relations? Which new interpretative standards do turn out to be introduced within domestic law by international dimension? This issue of *Ars interpretandi* tries to answer these questions as well as other ones, according to an interdisciplinary view, which examine their implications in law, ethics, politics, economics and religion.

**Il diritto dei trattati secondo la Convenzione di Vienna** United Nations

This book analyses the relationships between tax treaties and domestic law from a constitutional and an international point of view, and how they can be improved in the fields of treaty override, treaty residence and anti-abuse measures. It also shows how the issues raised by these relationships are resolved by tax administrations and courts in selected European and non-European countries.

Cooperazione giudiziaria e di polizia in materia penale BRILL

The main purpose of this book is to investigate how the use of force by individual states is currently regulated by international law, forty years after the adoption of the U.N Charter.

The Institutional Veil in Public International Law Giuffrè Editore

This book addresses current developments concerning the interpretation of the United Nations Convention on the Law of the Sea (UNCLOS) on the part of international courts and tribunals. It does so from different perspectives, by focusing on the jurisprudence of international and regional bodies, such as the International Court of Justice (ICJ), the International Tribunal for the Law of the Sea (ITLOS), the European Court of Justice (ECJ) and the European Court of Human Rights (ECtHR), as well as international arbitral tribunals and the World Trade Organization (WTO) Dispute Settlement Body. The various contributions offer in-depth analyses of issues ranging from the interaction between the sources of the International Law of the Sea, to various substantial, procedural and institutional aspects of the regulatory framework established by UNCLOS. The book also focuses on the reference by international courts and tribunals, in Law of the Sea cases, to both general principles and rules concerning interpretation codified in the Vienna Conventions on the Law of Treaties.

**Tax Treaties and Domestic Law** Oxford University Press, USA

La Comisión de Derecho Internacional (CDI) es un organismo creado por la Asamblea General de las Naciones Unidas en 1947 con el objetivo de codificar y promocionar el Derecho internacional. Su trabajo ha sido fundamental en la adopción de diversos tratados u otros instrumentos internacionales, como la Convención de Viena sobre el Derecho de los Tratados o la Corte Penal Internacional, sobre la que emitió una primera propuesta ya en 1949. Los informes anuales de la Comisión de Derecho Internacional están disponibles desde 1978. La Comisión de Derecho Internacional y su obra Disponible en Volúmenes I y II .

Vienna Convention on the Law of Treaties Hotei Publishing

This book deals with the nature of international organisations and the tension between their legal nature and the system of classic, state-based international law. This tension is important in theory and practice, particularly when organisations are brought under the rule of international law and have to be conceptualised as legal subjects, for example in the context of accountability. The position of organisations is complicated by what the author terms 'the institutional veil', comparable to the corporate veil found in corporate law. The book focuses on the law of treaties, as this pre-eminently 'horizontal' branch of international law brings out the problem particularly clearly. The first part of the book addresses the legal phenomenon of international organisations, their legal features as independent concepts, the history of international organisations and of legal thought in respect of them, and the development of contemporary law on international organisations. The second part deals with the practice of international organisations and treaty-making. It discusses treaty-making practice within organisations, judicial practice in interpretation of organisations' constitutive treaties, and the practice of treaty-making by organisations. The third and final part analyses the process by which international organisations have been brought under the rule of the written law of treaties, offering a practical application of the conceptual framework as previously set out. Part three is at the same time an analytic overview of the drafting history of the 1986 Vienna Convention on the Law of Treaties between States and International Organizations or between International Organizations. This is a profound and penetrating examination of the character of international organisations and their place in international law, and will be an important source for anyone interested in the future role of organisations in the international legal system.

**Comunicazioni e studi** Giuffrè Editore

Scientific Study from the year 2013 in the subject Law - Philosophy, History and Sociology of Law, , language: Italian, abstract: Diritto internazionale per filosofi rilancia la questione filosofica della scaturigine e della natura del diritto al banco di prova del diritto internazionale. Il volume ha la struttura di un agile manuale di diritto internazionale ed è pensato per gli studenti delle Facoltà non giuridiche, ma si offre alla riflessione sia di filosofi del diritto e della politica, sia di giuristi che si interrogano sul senso e la direzione della loro professione e funzione. L'autrice spesso prende distanza dalle più diffuse teorie sul diritto e sull'organizzazione internazionale anche al fine di mostrarne aporie e contraddizioni che purtroppo determinano, talora non senza motivo, sfiducia nel diritto internazionale in quanto ordinamento giuridico. Una sezione significativa è dedicata al problema del divieto dell'uso della forza armata in diritto internazionale e alle competenze del Consiglio per la sicurezza delle Nazioni Unite nella materia.

**Peremptory International Law - Jus Cogens** ES@ - Edizioni Studio @lfa

The relevance of interpretation to the academic study and professional practice of international law is self-evident. As new insights on the practice and process of interpretation abound in other disciplines, international law and international lawyers have largely remained wedded to a rule-based approach, focusing almost exclusively on the Vienna Convention on the Law of Treaties. Such an approach neglects interpretation as a distinct and admittedly broader field of theoretical inquiry. Interpretation in International Law brings together established and emerging international legal scholars to interrogate interpretation as a central concept in international law. The edited collection is creatively structured around the metaphor of the game, which captures and illuminates all the constituent elements of an act of interpretation. The object of the game of interpretation is to persuade one's audience that your own interpretation of the law is the correct one. The rules of play are known and complied with by the players, even though which cards to play is left to the skills and strategies of the individual players. There is also a meta-discourse about the game of interpretation 'playing the game of game-playing' which involves reflection about the nature of the game, its underlying stakes, and who gets to decide by what rules one should play. Through a series of diverse contributions, Interpretation in International Law reveals interpretation as an inescapable feature of all areas of international law. It will be of interest and utility to all international lawyers whose work touches upon theoretical or practical aspects of interpretation.

**Accesso alla giustizia dell'individuo nel diritto internazionale e dell'Unione europea** BRILL  
Joseph Weiler presents essays written during the 1990s on issues related to European constitutional law. In a series of highly accessible discussions concerning the legal framework of the European Communities and the European Union, Professor Weiler describes the gradual strengthening of transnational European institutions at the expense of national legislators. Although individuals as legal consumers have been empowered by Community law, he writes, this has been at the expense of their rights as citizens. The Constitution of Europe thus provides from a legal perspective a balanced and authoritative critique of the attractions and demerits of the goal of European integration.

**Diritto internazionale per filosofi** Martinus Nijhoff Publishers

The Commentary on the Vienna Convention on the Law of Treaties provides an in-depth article-by-article analysis of all provisions of the Vienna Convention. The texts are uniformly structured: (I) Purpose and Function of the Article, (II) Historical Background and Negotiating History, and (III) Elements of the Article. The Vienna Convention on Treaties between States and IOs and between IOs is taken into account where appropriate. In sum, the present Commentary contains a comprehensive legal analysis of all aspects of the international law of treaties. Where the law of treaties reaches into other fields of international law, e.g. the law of state responsibility, the relevant interfaces are discussed and contextualized. With its focus on international practice, the Commentary is addressed to academia, as well as to practitioners of international law.

*The Current Legal Regulation of the Use of Force* GRIN Verlag

This volume is an updated and revised version of the General Course on Public International Law delivered by the Author at The Hague Academy of International Law in 2005. Professor Cançado Trindade, Doctor honoris causa of seven Latin American Universities in distinct countries, was for many years Judge of the Inter-American Court of Human Rights, and President of that Court for half a decade (1999-2004). He is currently Judge of the International Court of Justice; he is also Member of the Curatorium of The Hague Academy of International Law, as well as of the Institut de Droit International, and of the Brazilian Academy of Juridical Letters.

*Interpretations of the United Nations Convention on the Law of the Sea by International Courts and Tribunals* UTET Giuridica

The 1969 Vienna Convention on the Law of Treaties, regulating treaties between States, lies at the heart of international law. This commentary interprets the Convention's 85 articles clearly and precisely. It covers such major topics as reservations to treaties, their interpretation and the grounds for terminating a treaty, for instance breach. Emphasis is placed on the practice of States and tribunals and on academic writings. It contains further sections on customary international law and the Convention's history while providing up-to-date information on ratifications and reservations. This commentary is a must for practitioners and academics wishing to establish the meaning and scope of the provisions of the Vienna Convention on the Law of Treaties.
