PAMELA HURLEY

Visible Learning for Teachers

Cambridge University Press

This book provides all the task material from 'A Course in Language Teaching'.

Ingles / English Cambridge University Press

Provides information and advice on independent travel programs, study abroad, and foreign employment

CLIL Activities with CD-ROM Cambridge University Press

The CEFR Companion volume broadens the scope of language education. It reflects academic and societal developments since the publication of the Common European Framework of Reference for Languages (CEFR) and updates the 2001 version. It owes much to the contributions of members of the language teaching profession across Europe and beyond. This volume contains: ► an explanation of the key

aspects of the CEFR for teaching and learning; ► a complete set of updated CEFR descriptors that replaces the 2001 set with: - modality-inclusive and gender-neutral descriptors; - added detail on listening and reading; - a new Pre-A1 level, plus enriched description at A1 and C levels; - a replacement scale for phonological competence; - new scales for mediation, online interaction and plurilingual/pluricultural competence; - new scales for sign language competence; ► a short report on the four-year development, validation and consultation processes. The CEFR Companion volume represents another step in a process of engagement with language education that has been pursued by the Council of Europe since 1971 and which seeks to: ► promote and

support the learning and teaching of modern languages; ► enhance intercultural dialogue, and thus mutual understanding, social cohesion and democracy; ► protect linguistic and cultural diversity in Europe; and ► promote the right to quality education for all.

Teaching English Grammar Springer

This book documents a major study comparing the Cambridge First Certificate in English (FCE) with the Test of English as a Foreign Language (TOEFL) to investigate similarities in test content, candidature and use. While both tests were designed to measure many of the same abilities, they represent radically different approaches to language test development, reflecting deeper differences between educational

measurement traditions in the US and UK. The thorough investigation of the fundamental characteristics and operational utility of two of the most widely used English tests for foreign students makes this study a valuable contribution to language testing research. As such, it will be of considerable interest to language testing specialists and examination boards, as well as to academic researchers and graduate students in the field of language assessment more generally.

Maximizing Impact on Learning

Cambridge University Press

This book is intended to help you, as a teacher of English as a Foreign language (E F L), to teach common verb tenses and patterns more efficiently and clearly. Some of the material in the book may

surprise you. To begin with, the explanations and commentary may seem self-evident, or the phonetic realisations may seem unnecessary. If this is so, please try to bear with me. The material in the book is designed to be of help to several groups: the experienced native speaker seeking a possible new approach to add to his armoury, the novice teacher, who speaks English with native speaker intuition, but has not yet fully analysed what it is that she does know, or why she says what she says, and also the non-native E F L teacher abroad, who speaks English excellently, and yet wishes to understand the subtler differences in usage and idiom which the native speaker takes for granted.
Rosemary Aitken

The TKT Course Lulu.com

This is 'the' teacher training course for teachers and trainee teachers preparing for the Cambridge ESOL Teaching Knowledge Test (TKT) Modules 1, 2 and 3 or other initial teacher training qualifications.

The Ultimate Guide to Celta Ministerio de Educación

The CELTA Course is the only CELTA preparation course endorsed by Cambridge ESOL. It provides full coverage of the CELTA syllabus in a ready-to-use course. The CELTA Course is divided into user-friendly sections: * Input sessions (40 units on 'The learners and their contexts', 'Classroom teaching', 'Language awareness', and 'Professional development') * Teaching practice * Classroom observation *

Written assignments and tutorials *

'Resource file' The Trainee Book includes a range of material to be used in input sessions, helpful advice about the course, and a wealth of useful reference material. The Trainer's Manual includes suggestions on how to best use the material with trainees, as well as help and advice on how to prepare trainees for teaching practice, lesson observations, written assessment and tutorials.

Penny Ur's 100 Teaching Tips Google eBook Cambridge University Press

This book raises the issue of what a teacher needs to know about English in order to teach it effectively. It leads teachers to awareness of the language through a wide range of tasks which involve them in analysing English to

discover its underlying system.

Tasks for Teachers of English Routledge

This book has a practical focus in that it examines the effectiveness of alternatives to traditional assessment and pedagogical practices for bilingual children. It argues that much special education practice with respect to bilingual students is fundamentally misdirected.

The CELTA Course Trainer's Manual

Intrinsic Books Ltd

An invaluable resource helping teachers at all levels of experience to develop their understanding of English grammar. Grammar for English Language Teachers is designed to help practising and trainee teachers to develop their knowledge of English grammar systems. It encourages teachers to appreciate

factors that affect grammatical choices, and evaluates the 'rules of thumb' presented to learners in course materials. Consolidation exercises provide an opportunity for teachers to test these rules against real language use and to evaluate classroom and reference materials.

The Routledge Handbook of Materials Development for Language Teaching
Oxford University Press

A guide to English. Suitable for initial training courses, and for practising ELT teachers, it covers developments in ELT and includes a DVD featuring a full lesson as well as demonstrations of practical teaching techniques.

A guide to becoming a teacher in

ELT/TESOL Cambridge University Press
In November 2008, John Hattie's ground-

breaking book Visible Learning synthesised the results of more than fifteen years research involving millions of students and represented the biggest ever collection of evidence-based research into what actually works in schools to improve learning. Visible Learning for Teachers takes the next step and brings those ground breaking concepts to a completely new audience. Written for students, pre-service and in-service teachers, it explains how to apply the principles of Visible Learning to any classroom anywhere in the world. The author offers concise and user-friendly summaries of the most successful interventions and offers practical step-by-step guidance to the successful implementation of visible learning and visible teaching in the

classroom. This book: links the biggest ever research project on teaching strategies to practical classroom implementation champions both teacher and student perspectives and contains step by step guidance including lesson preparation, interpreting learning and feedback during the lesson and post lesson follow up offers checklists, exercises, case studies and best practice scenarios to assist in raising achievement includes whole school checklists and advice for school leaders on facilitating visible learning in their institution now includes additional meta-analyses bringing the total cited within the research to over 900 comprehensively covers numerous areas of learning activity including pupil motivation, curriculum, meta-cognitive

strategies, behaviour, teaching strategies, and classroom management. Visible Learning for Teachers is a must read for any student or teacher who wants an evidence based answer to the question; 'how do we maximise achievement in our schools?'

An Exploratory Study of Language Teachers in Training Routledge

Tried and tested teaching tips for language teachers. This practical ebook, with its clear and accessible style, will be useful to many teachers, whether trainee, novice or experienced, in a variety of contexts. It provides a set of 100 hands-on tips on 19 different areas of classroom teaching, including using a coursebook, giving and checking homework, classroom discipline, testing and assessment. The clear and concise

advice is accompanied by brief explanatory notes based on the author's extensive teaching experience.

Cases from around the Globe

Cambridge University Press

This is 'the' teacher training course for teachers and trainee teachers preparing for the Cambridge ESOL Teaching Knowledge Test - CLIL module.

Teaching Tenses SAGE

Fully revised new edition of the definitive guide to short and long-term opportunities around the world for both trained and untrained teachers in the booming field of teaching English as a foreign language. Contains substantial chapters on finding work in over 20 countries where EFL is a major industry including lists of language schools which hire English teachers. Plus full

information on how to become qualified, the role of recruitment agencies, what to take etc.

Alternative Travel Directory, 1998 Walter de Gruyter GmbH & Co KG

This collection brings new insight into the relationship between English as a lingua franca and language teaching. It explores how the pedagogy of intelligibility, culture and language awareness, as well as materials analysis and classroom management, can be viewed from an ELF perspective in school and university contexts.

The TKT Course CLIL Module

Cambridge University Press

'CLIL Activities' is organised into five chapters: activating, guiding understanding, focus on language, focus on speaking, and focus on writing. A

further chapter provides practical ideas for assessment, review and feedback.

Success on your Certificate Course in English Language Teaching Cambridge University Press

Temas abordados: la aplicación de la práctica reflexiva; el desarrollo de habilidades de pensamiento y el fomento de la autonomía de los estudiantes; la realización de investigaciones educativas; las técnicas de evaluación; la comprensión y la corrección de los errores de los alumnos.

Inglés. Investigación, innovación y buenas prácticas = Teacher Development Cambridge University Press

`Extremely comprehensive and well written in terms of style – accessible to the reader, but intelligent and

expressing some fairly subtle concepts. Would that more ELT practitioners could do the same!... Certainly a good read for those thinking about and also those engaged in initial training – or even post initial training stage' - Jenny Pugsley, Head of TESOL, Trinity College London 'It's essential reading whether you are simply curious about what is involved in training in ELT, need advice on choosing the right course, have already enrolled and want to make the most of your course, or are a new teacher just starting out. It's a book I wish I'd had when I was starting out in my ELT career, and that I wish had been available to many of the course participants I have tutored' - Lyn Strutt, ELT author and Chair of the British Council Families Association Each year, thousands of people all over the

world take one of the hundreds of available short pre-service courses that lead to the award of a certificate in English Language Teaching (ELT) or Teaching English to Speakers of Other Languages (TESOL). Caroline Brandt's book is an invaluable guide to anyone thinking of enrolling on one of these courses. With a clear and concise structure that follows your general interest in TESOL right through to the intricacies of the course itself, it can be used from initial research stages to final qualifications, and beyond. Brandt's decades of experience in this field across the globe shine through. Chapters include: -introducing English Language Teaching -becoming qualified -knowing your certificate course -getting started -learning -working together -being

qualified. Throughout the book there are snapshots of students' experiences in their own words, and summaries of key points for you to take with you - whether into the next stage of learning or the next day's teaching. The chapters are stand alone resources as well as the building blocks to becoming a fully-qualified English Language teacher. The book is supported by a companion website, which provides quizzes to test understanding of each chapter, lesson plan proformas, a full glossary and annotated website links.

??? ?? PC? ??? ?? Teach Yourself

"Evidence Based Teaching presents a coherent, evidence based view of teaching and learning and presents some radical new methods that are known to greatly improve

achievement. Evidence Based Teaching will help practically demonstrate how we should teach from the following sources: 1. School effectiveness and school improvement research 2. Best practice in University teaching 3. Best practice in FE teaching 4. Effect size studies carried out mainly in schools 5. Teaching Thinking skills 6. Multiple representations 7.

Constructivism. Together these strategies, ideas and advice provide us with both general principles for teaching, and very specific methods, all of which can substantially improve teaching and few of which are in common use. This new, revised edition includes a variety of improvements to the text, as well as a fresh new design in line with its companion title, Teaching Today 4th

edn."--Publisher's website.
