#1 NEW YORK TIMES BESTSELLER • Michelle Obama's worldwide bestselling memoir, *Becoming*, is now adapted for young readers. Michelle Robinson was born on the South Side of Chicago. From her modest beginnings, she would become Michelle Obama, the inspiring and powerful First Lady of the United States, when her husband, Barack Obama, was elected the forty-fourth president. They would be the first Black First Family in the White House and serve the country for two terms. Growing up, Michelle and her older brother, Craig, shared a bedroom in their family's upstairs apartment in her great-aunt's house. Her parents, Fraser and Marian, poured their love and energy into their children.

Michelle's beloved dad taught his kids to work hard, keep their word, and remember to laugh. Her mom showed them how to think for themselves, use their voice, and be unafraid. But life soon took her far from home. With determination, carefully made plans, and the desire to achieve, Michelle was eager to expand the sphere of her life from her schooling in Chicago. She went to Princeton University, where she learned what it felt like to be the only Black woman in the room. She then went to Harvard Law School, and after graduating returned to Chicago and became a high-powered lawyer. Her plans changed, however, when she met and fell in love with Barack Obama. From her early years of marriage, and the struggle to balance being a working woman, a wife, and the mom of two daughters, Michelle Obama details the shift she made to political life and what her family endured as a result of her husband's fast-moving political career and campaign for the presidency. She shares the glamour of ball gowns and world travel, and the difficulties of comforting families after tragedies. She managed to be there for her daughters' swim

competitions and attend plays at their schools without catching the spotlight, while defining and championing numerous initiatives, especially those geared toward kids, during her time as First Lady. Most important, this volume for young people is an honest and fascinating account of Michelle Obama's life led by example. She shares her views on how all young people can help themselves as well as help others, no matter their status in life. She asks readers to realize that no one is perfect, and that the process of becoming is what matters, as finding yourself is ever evolving. In telling her story with boldness, she asks young readers: Who are you, and what do you want to become?

11-year-old Alice Paul Tapper--daughter of CNN's Jake Tapper--is challenging girls everywhere to speak up! When Alice Tapper

noticed that the girls in her class weren't participating as much as the boys, she knew she had to do something about it. With help from her Girl Scout troop and her parents, she came up with a patch that other girls could earn if they took a pledge to be more confident in school. Alice even wrote an op-ed about the experience for the New York Times! Inspired by that piece, this picture book illustrates her determination, bravery, and unwillingness to accept the status quo. With Marta Kissi's delightful illustrations depicting Alice's story, young readers everywhere will want to follow Alice's lead and raise their hand!

Placing these objects in context, this essential guide provides a discerning look at the history and development of the Girl Scout Movement in the United States. Scholars and aficionados of Girl Scout history, costume history, women's studies, popular culture, and dress will welcome this indispensable and definitive resource. This new, expanded edition, with hundreds of illustrations, photographs, and tables, is indisputably the go-to source for information on all Girl Scout uniforms, insignia, awards, and handbooks, as well as dolls, postcards, posters, calendars, and more—from the founding of the Girl Scouts in 1912 through the present day. Do I Have To? Penguin Workshop

A storm is brewing... Whenever Levi doesn't like the truth, he kinda, sorta makes up other stuff to say. One day his mother explains to him that telling lies will damage the trust of his friends and make him very sad. Whenever you tell a lie, your inside sun goes away. Then a lying cloud forms, and glooms up

your day. Each time you tell a lie, another cloud starts to form, and before you can stop it from happening, your insides start to storm. This book is a great resource to help children understand not only the consequences of telling a lie, but also how one lie

can often lead to telling several more. It will help parents and teachers understand that lying can be a normal and sometimes healthy response for a child and offers tools to help guide children toward truthfulness.
