McGraw-Hill Education

Earth Science McGraw-Hill Education
Challenging, comprehensive and relevant, this textbook combines in-depth presentation with a stunning visual program. Earth Science: Geology, the Environment, and the Universe is a comprehensive program that provides thorough content with a wide variety of engaging laboratory experiences.

Relevant connections are highlighted to emphasize an environmental application between the classroom and the contemporary world. Strong support is given to math skills using the content.

Earth Science Glencoe/McGraw-Hill School Publishing Company
This resource offers 60 popular, tested labs and supports hands-on experience for students with diverse abilities. 17

labs are designed to be open-ended "Design Your Own" labs; 10 are mapping labs that will create opportunities to enhance essential earth science skills.

The StudentWorks Plus DVD provides the complete Student Edition, student worksheets, and audio in one convenient package!

Geology the Environment and the Universe McGraw-Hill Education

Strong support for reading comprehension makes earth science accessible to all students.

High School Earth Science McGraw Hill
The Teacher Wraparound Edition is your key to the teaching resources available with this science program. In addition to teaching strategies and suggestions provided at point of use, the Teacher Wraparound Edition provides a guide for all print and software materials available for each lesson.

Glencoe Earth Science: Geology, the Environment, and the Universe, Science Notebook, Student Edition McGraw-Hill Education

Based on the Cornell note-taking format, this resource incorporates writing into the learning process. Directly linked to the student text, this notebook provides

a systematic approach to learning science by encouraging students to engage by summarizing and synthesizing abstract concepts in their own words

Earth Science: Geology, the Environment, and the Universe, Study Guide for Content Mastery, Student Edition McGraw-Hill Education

Exploring Environmental Problems includes calculator and Global Positioning System labs. Lab problems reinforce environmental concepts presented in the textbook, but can also be used in conjunction with other high school science texts.
