Infinite Playlists is a handy guide to healthy conversation between parents and kids. Writing as both father and music-lover, Stocker calls parents to recognize music as a gift from God so they can help their kids determine the emotional, physical, and spiritual influences of their song choices. He offers a balanced look at the difference between Christian and secular music, and gives practical guidelines parents and kids can follow to choose appropriate music—together.

The Order of the Stick Hal Leonard Corporation

The Romans began the systematic conquest of Britain about the time of Herod Agrippa, whose death is recorded in Acts xii. London was probably a place of some importance in those days, though there is no mention of it in Cæsar's narrative, written some eighty years previously. Dr. Guest brought forward reasons for supposing that at the conquest the General Aulus Plautius chose London as a good spot on which to fortify himself, and that thus a military station was permanently founded on the site of the present cathedral, as being the highest ground. If so, we may call that...

The Making of Tomb Raider CREATIVE GAMES LIMITED

Back in 1994 at the game company "CORE Design" in Derby, Lara Croft was born. Through eighteen months of pure hard work from the team, Tomb Raider was released in 1996 and became the success that we see today; taking part in the mid-nineties celebrations of Brit-Pop and Girl Power. This is the story of the team who were involved in creating the first two games, then leaving the series to a new team in 1998. Lara Croft brought class, comedy, and a James Bondian role to the game, dreamt up by Toby Gard and helped to become a pitch with Paul Douglas. The game was a gamble, but because everyone at the company believed in it, it led to huge success for everyone, except for Toby and Paul. "The Making of Tomb Raider" goes into detail of how Lara and the games were born, alongside why Toby Gard and Paul Douglas left before the sequel was released. Throughout eleven chapters of countless interviews, this book will tell you who was responsible for creating the first two games; from its levels, its music, the many voices of Lara Croft, and much more. The team also reveals all about the star of the second game; Winston the Butler, and how he came to be by Joss Charmet. Over twenty people were interviewed for this story; from the pitch for what would be Tomb Raider, alongside the challenges along the way, up until the release of Tomb Raider 2 in 1997

The Great Tao Harper Collins

These volumes are print compilations of the popular online comic The Order of the Stick! plus pages of never-before-seen bonus stories and material. Taking place in a magical world that loosely operates by the rules of 3.5 edition Dungeons and Dragons, the comic follows the sometimes farcical exploits of six adventurers as they strive to save the world from an evil lich. Much of the comic's humor stems from these characters either being aware of the game rules that affect their lives or having anachronistic knowledge of modern culture, which in turn is often used by the author to parody various aspects of role-playing games and fantasy fiction.

The Fitzwilliam virginal book Hachette UK

One of Literary Hub's Favorite Books of the Year A haunted, surreal debut novel about an otherworldly young woman, her father, and her lover that culminates in a shocking moment of

betrayal—one that upends our understanding of power, predation, and agency. Ada and her father, touched by the power to heal illness, live on the edge of a village where they help sick locals—or “Cures”—by cracking open their damaged bodies or temporarily burying them in the reviving, dangerous Ground nearby. Ada, a being both more and less than human, is mostly uninterested in the Cures, until she meets a man named Samson. When they strike up an affair, to the displeasure of her father and Samson's widowed, pregnant sister, Ada is torn between her old way of life and new possibilities with her lover—and eventually comes to a decision that will forever change Samson, the town, and the Ground itself. *Follow Me to Ground* is fascinating and frightening, urgent and propulsive. In *Ada*, award-winning author Sue Rainsford has created an utterly bewitching heroine, one who challenges conventional ideas of womanhood and the secrets of the body. Slim but authoritative, *Follow Me to Ground* lingers long after its final page, pulling the reader into a dream between fairy tale and nightmare, desire and delusion, folktale and warning.
